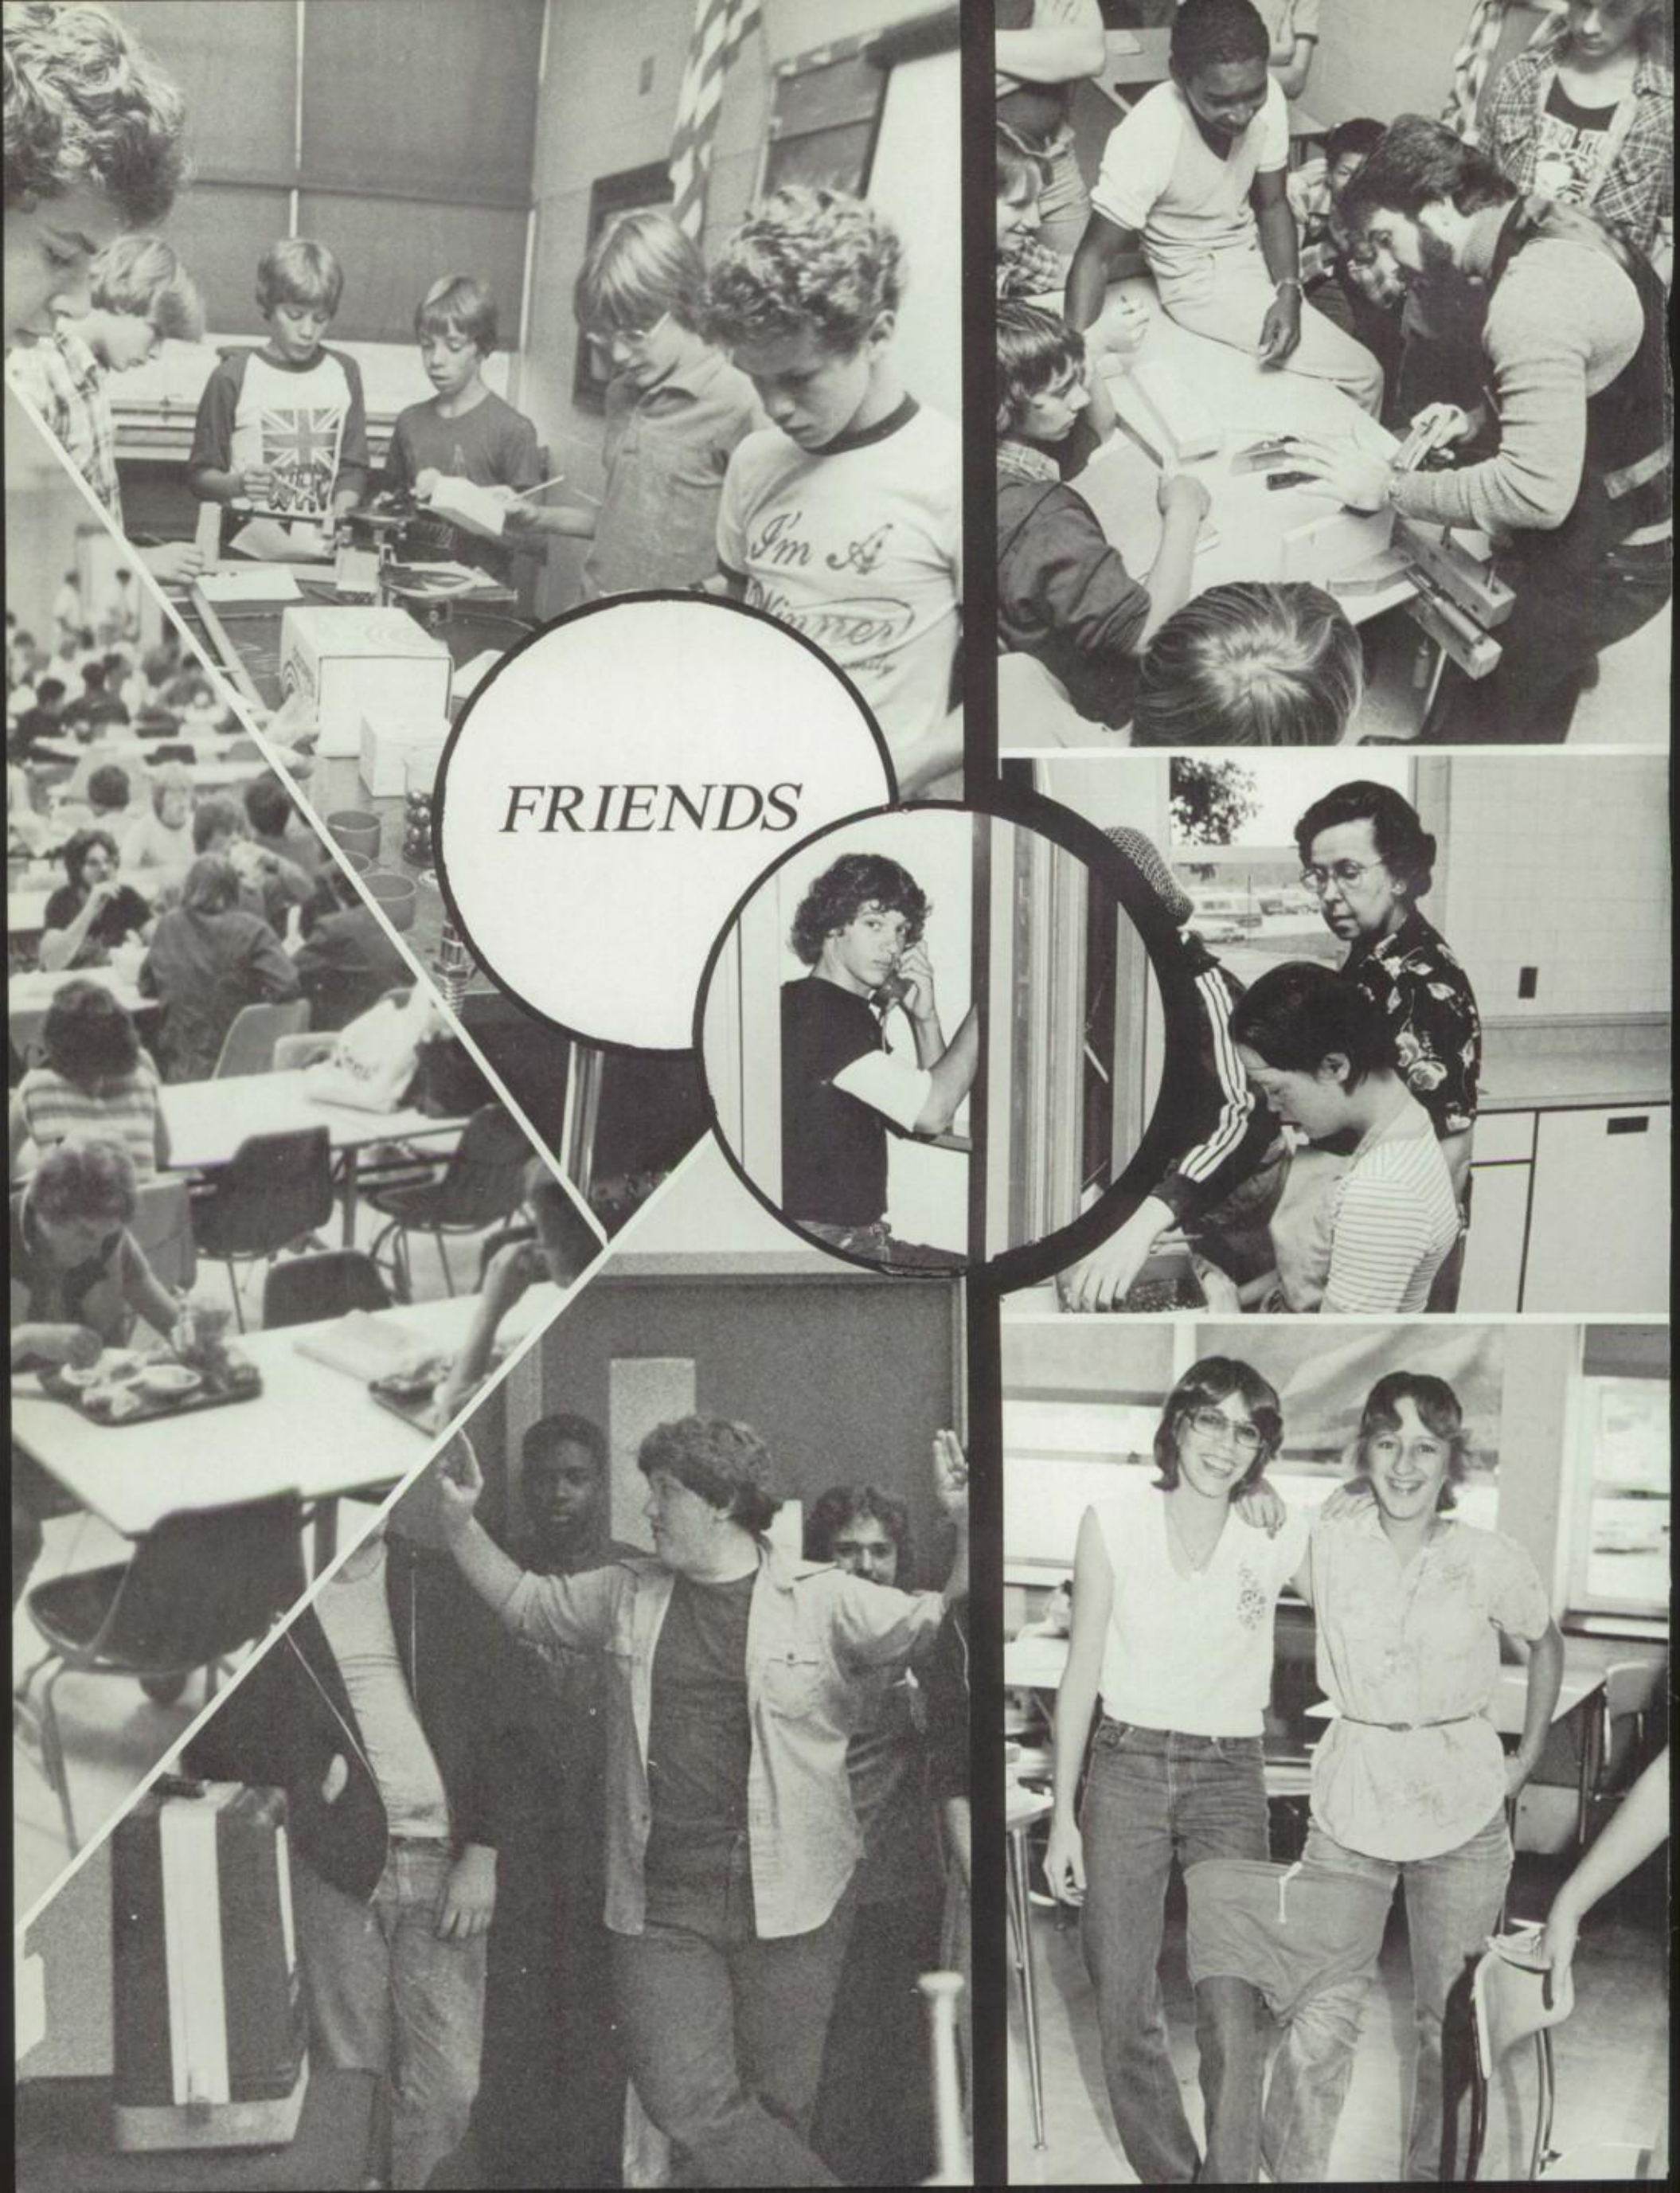
OUR WEAR

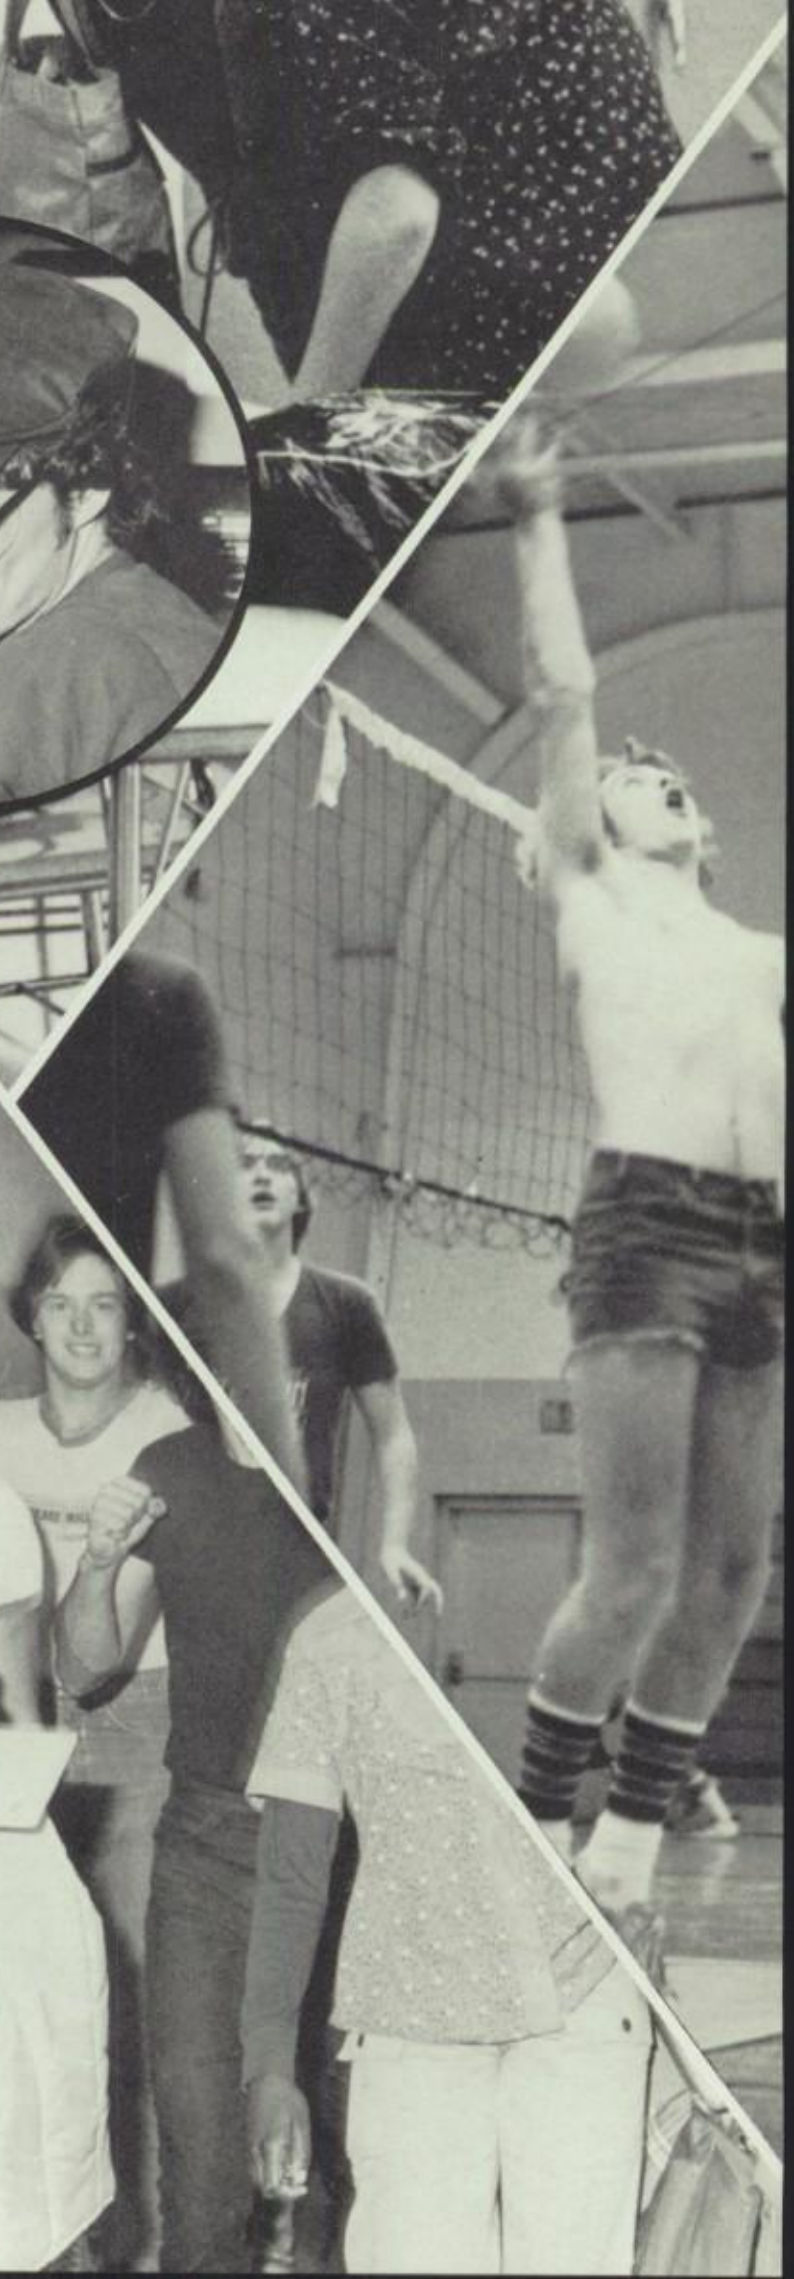
CAMDEN COUNTY VOCATIONAL AND TECHNICAL SCHOOLS

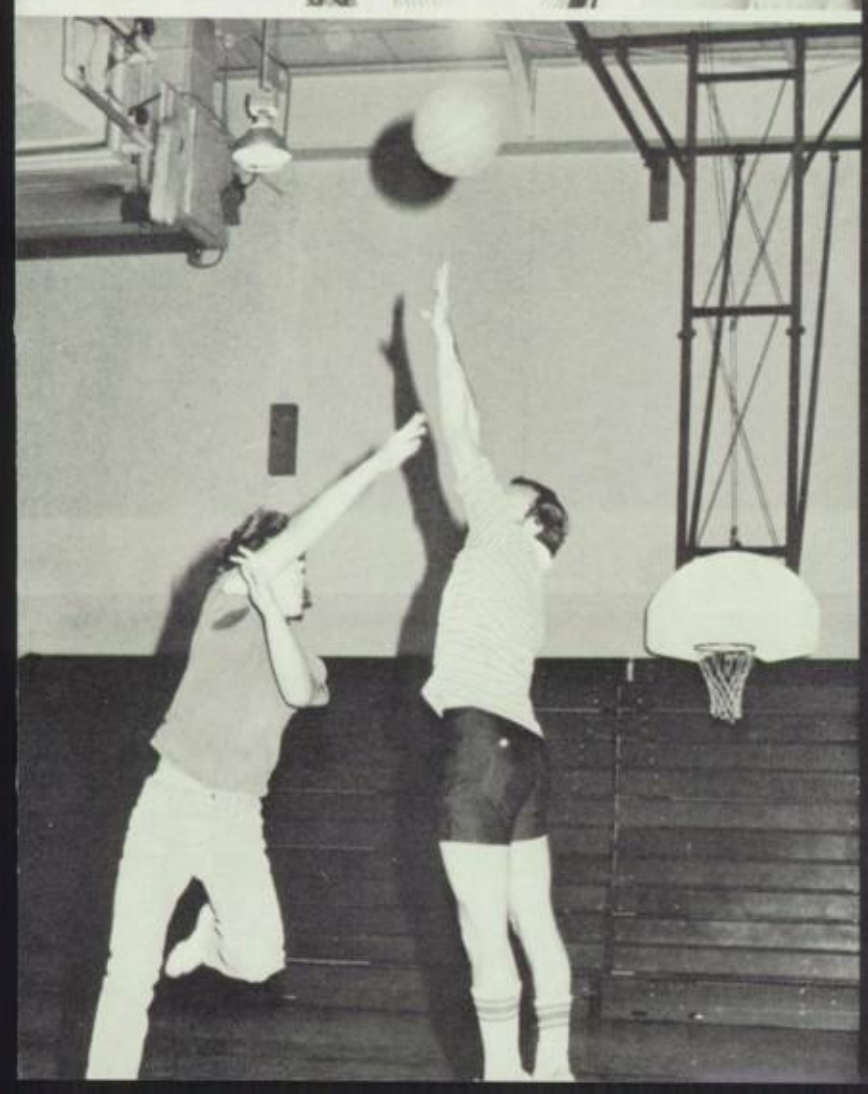
What makes this year so special? So different from the others? Is it the classes? Is it the clubs and activities? Is it the long walks from building to building? It is all of these events; however, the most important thing to remember is that it is OUR YEAR and it can never be repeated. These events will soon become events of the past with only memories lingering on.

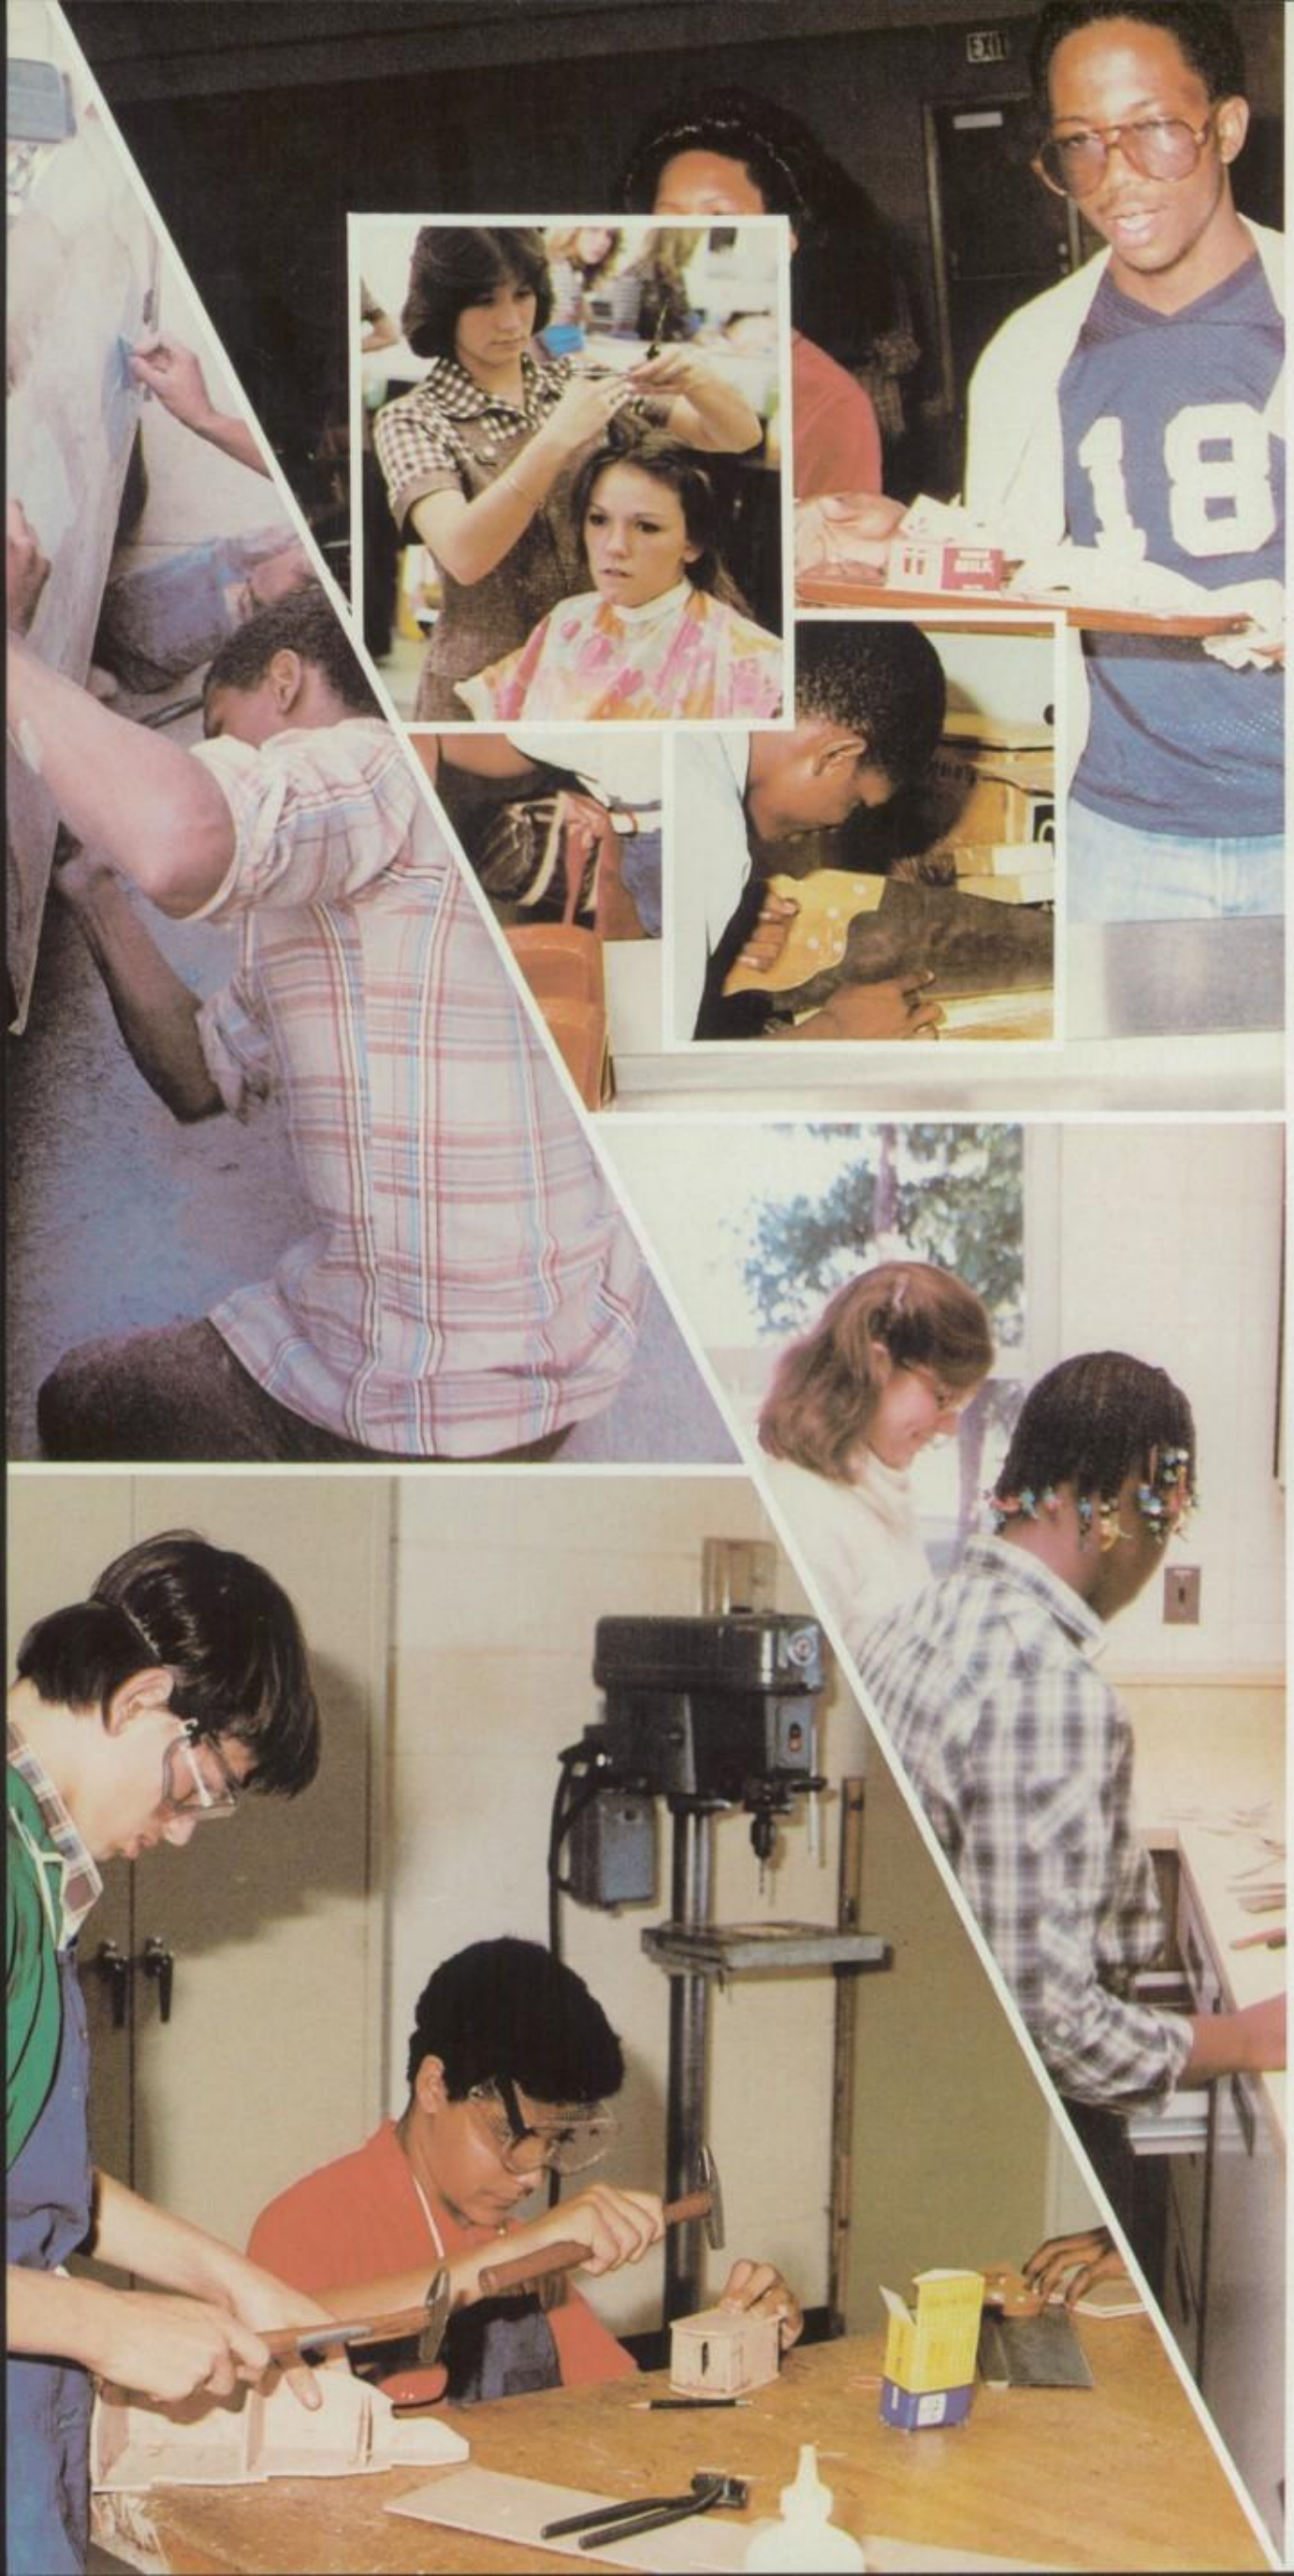
The following pages portray how it is our year at CCVTS. Through the ingenuity and dedication of the yearbook staff, these pages will soon unfold to you and capture the highlights of OUR YEAR.

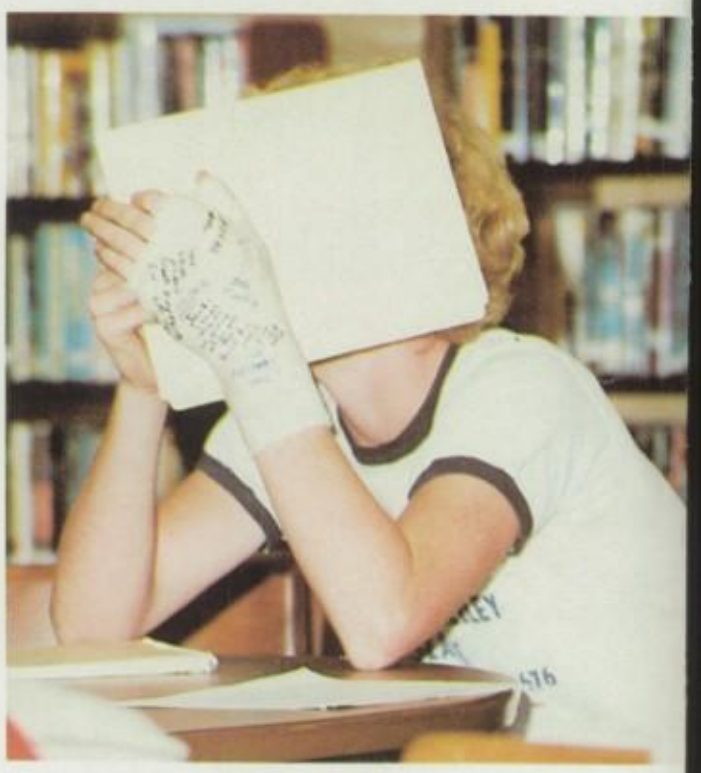


FRIENDS

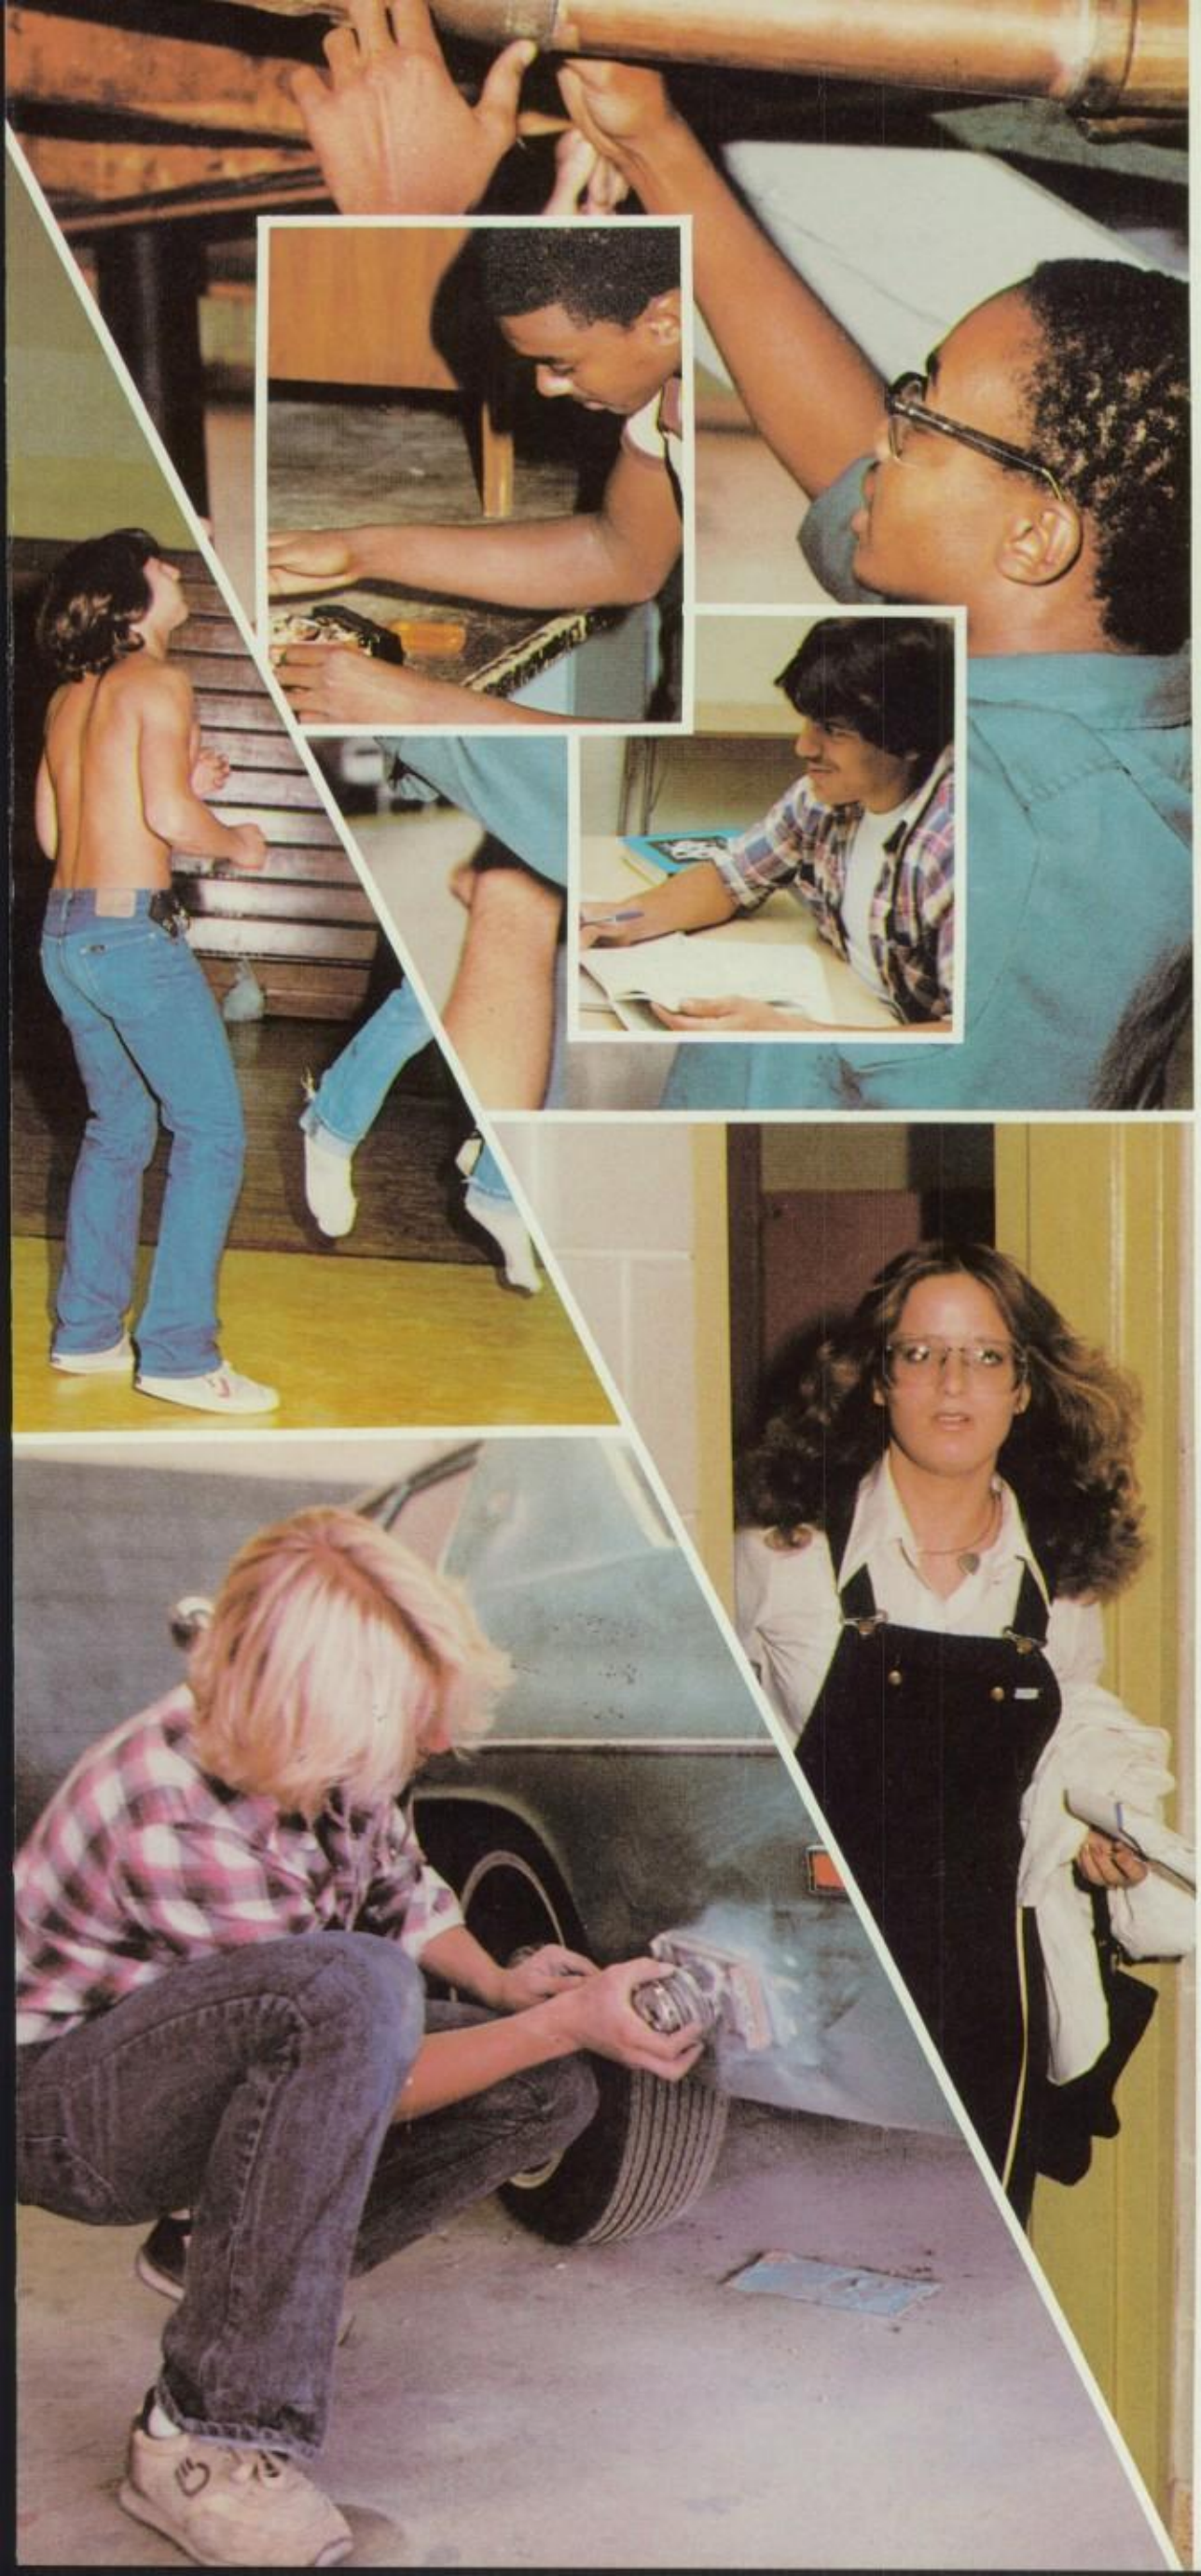








HERE WE COME . . . READY OR NOT!



Enjoying life to
the fullest,
Will pull us
Through good
times and bad.

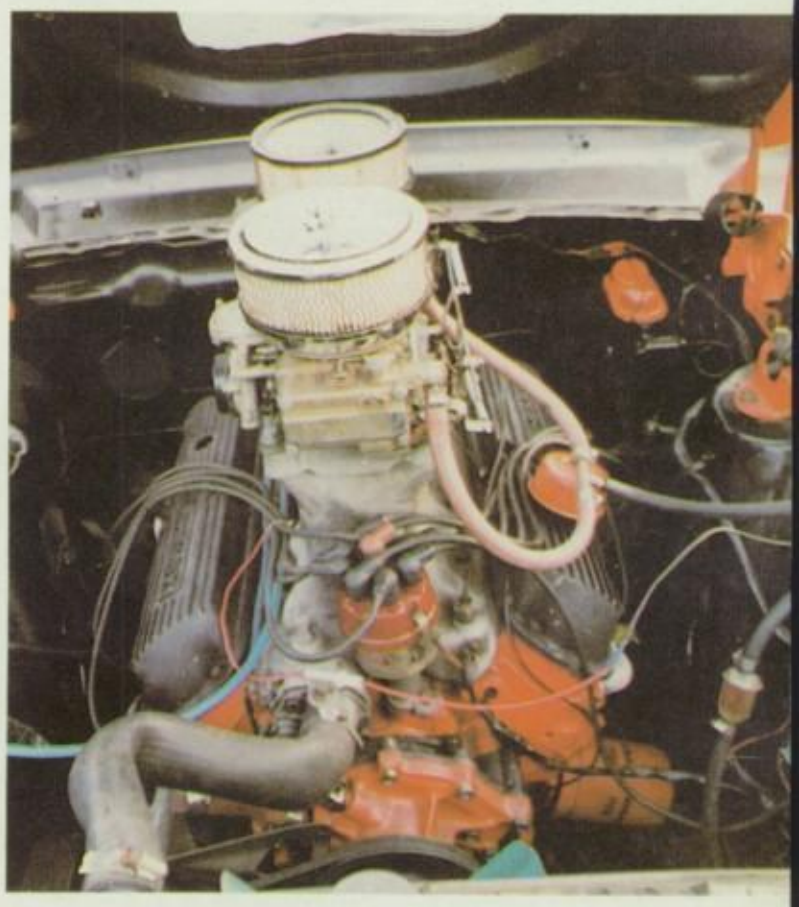
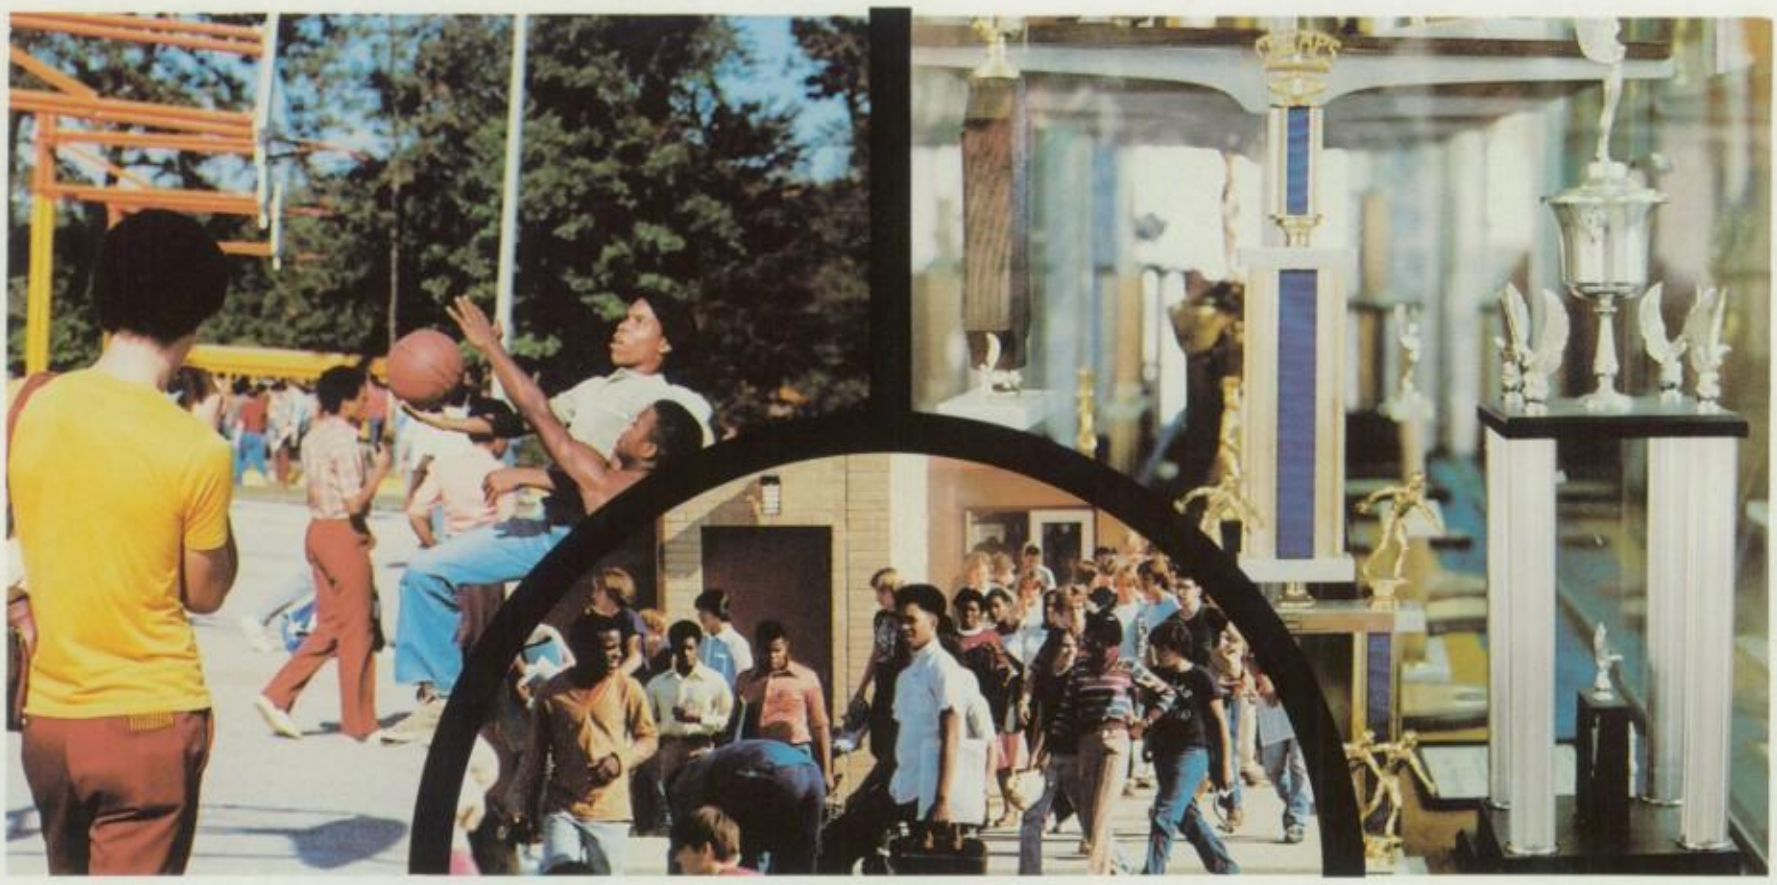
WHAT A WAY TO GO

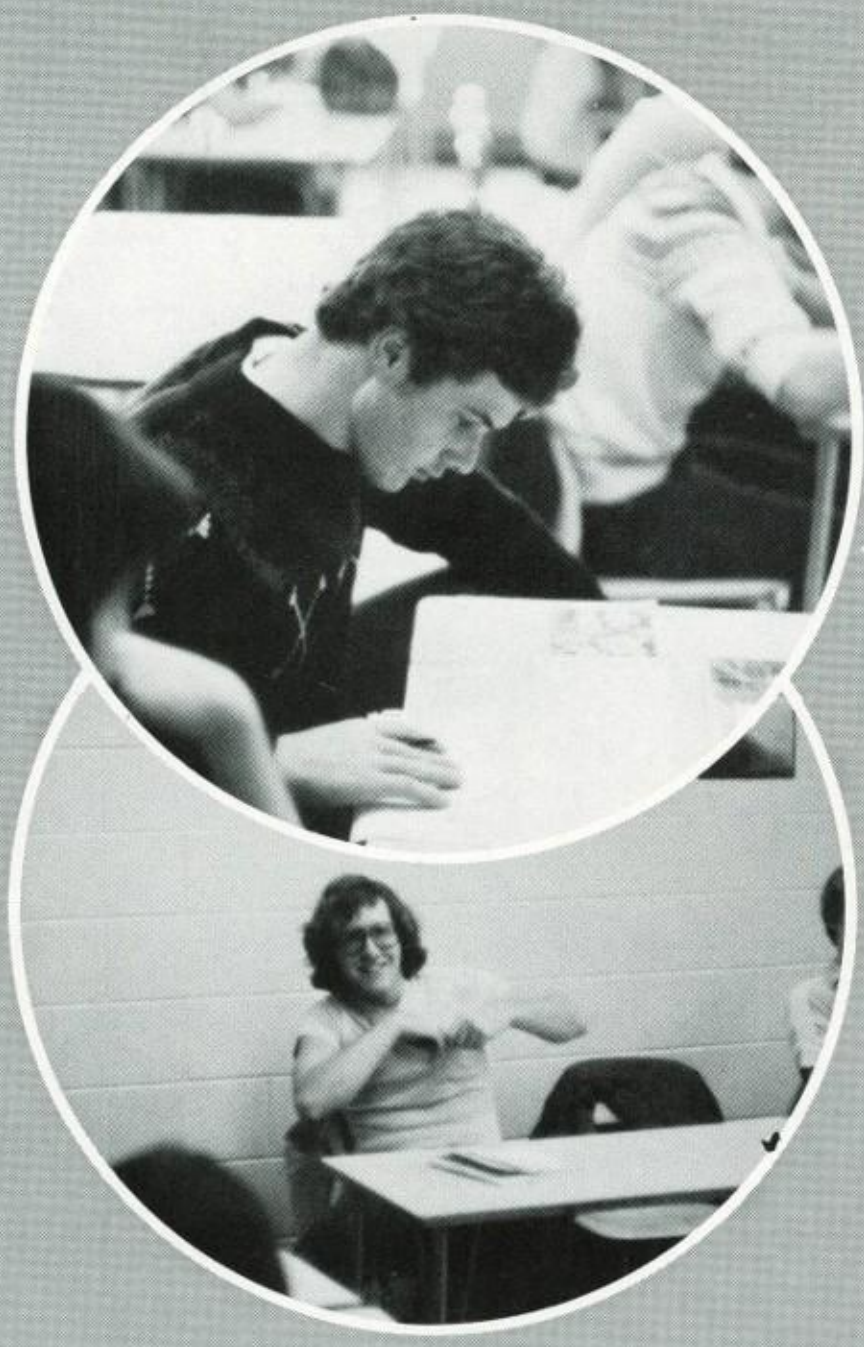


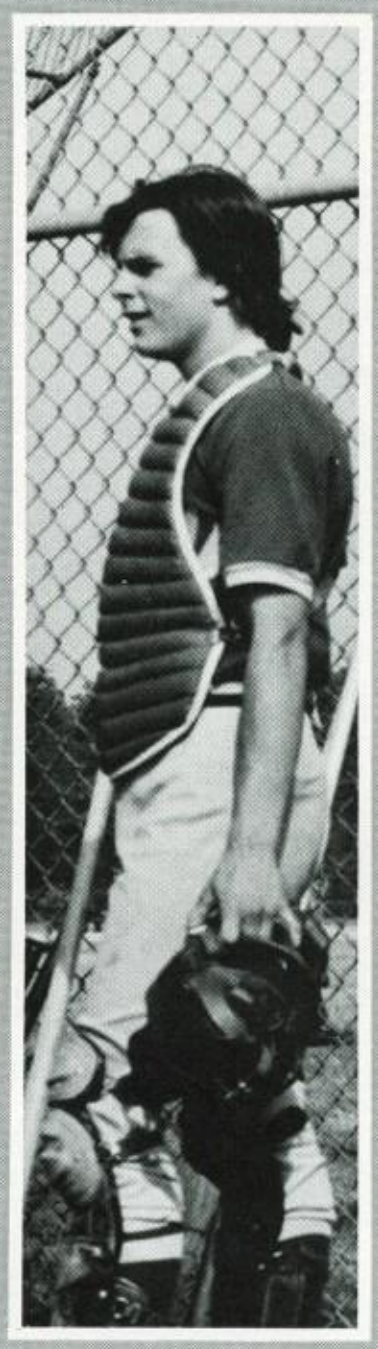
Those were the days my friend
We thought they'd never end . . .



THE BEST BUT LAST YEAR

OUR SENIORS





Senior Class Officers

Mr. Procida, Len Colavito, Marybeth Brown, Shawn Keeny, Eric deHaan, Mrs. Healey

When we first started it seemed that we would never do it, but we finally made it! That means our four years together have ended. Time will never take away all the fun we had and the friends that we have made. What has been is past and now the past is ours to remember. Don't let anyone kid you, these are the best years of our lives. Let's hope our future holds the key to many more.

Cheerleading

This year's co-captains are Tracy McWilliams and Monica Maddox. We are also pleased and privileged to have a male on our team this year, Dan Williams. We feel he adds alot of class to the cheerleading squad.

We hope that next year we can have a Varsity and Junior Varsity squad so more students can become involved. In the meantime we are looking forward to a great year. - Ms. Baker and Ms. Lieb, Coaches

Jerseymen Club

The Jerseymen Program is a statewide association of history clubs organized in schools with the aid of educational materials, publications and events provided by the New Jersey Historical Society. It is an academically related program designed to enrich the teaching of Social Studies. Because student efforts encompass the total panorama of New Jersey studies, the program provides opportunities to integrate other disciplines, especially those in the Humanities and Science.

The program motivates students on all levels of interest and ability. Members, organized as clubs, respond to the colorful and dramatic story of their state and nation by participating in a rich variety of experiences.

Whether digging for artifacts, photographing landmarks, searching old records or taking a realistic look at their environment and community today --- Jerseymen expand their knowledge and contribute to their state by initiating courses of responsible action.

This year's activities will include trips to the state capital and Washington's Crossing State Park.

Very often Vocational students are thought and said to be different. "True", our classes are different, and our interests may be different. But our high school years are as important to us as to any high school students. Our Student Council tries to add as many pleasant and enjoyable memories to these years as it can. We try to answer your questions and requests, find ways to soften your gripes, and put your interests into action.

The C.C.V.T.S. Student Council works for ***you!***

The tour guides program of our school is not a club, but a valuable service for the school. They show prospective students and interested parents the programs available in our school. This is a very important service, because it not only shows what we have to offer, but more importantly helps other young people make decisions about their educational future. Deciding on attending Camden Co. Voc. & Tech. School may be the single most important decision a young person could make. Our tour guides help these young people make this important decision.

Recruitment

When you talk about the schools' unsung 'heros' . . . you're talking about the volunteer student recruitment speakers. Why? Because through efforts, the enrollment of our school is filled to capacity . . . with a waiting list! Student speakers talk about typical school days to their town peer groups. They answer students' questions in a meaningful way on a one-to-one basis. Their successful involvement is best shown when many new CCVTS student faces are seen on the opening school day. Recruitment speakers literally pass their 'school-lifeline' experiences to new students. And the best goes on-and-on (and has for 50 years)! By giving of themselves, on behalf of their school, they receive public speaking experience and a certificate of appreciation at the award assembly.

PRACTICAL POLITICS

R. Williams, L. Walsh, M. Fletcher, L. Colavito, S. Bielicki, B. Esposito.

PPC

The Practical Politics Club is a very active group. Each year the PPC holds two registration drives, one before the primary election in the spring and the second before the general election in the fall. We also hold candidates' debates. In the past we have had candidates such as James Florio, Ronald Wishart, Dr. Scott Sibert, and Julius Levin.

During the course of the year, the PPC takes a trip to Washington, D.C. to see the monuments of our democracy.

The objective of the PPC is to keep the students and staff politically informed. The Practical Politics Club is proud to have Mrs. R. Robbins as an advisor. The PPC helps the students at C.C.V.T.S. by giving them a better understanding of the real political world.

The PPC hopes to continue to serve C.C.V.T.S..

The 1981 Golden Warrior staff began producing this yearbook back in April 1980. The staff has put out much effort these past months in preparing this book. We hope that it will always bring back all the fond memories of "Our Year". As you project in your careers and families, this book should always be treasured and kept as a keepsake of 1981 at CCVTS.

Business Staff

The Yearbook Business staff is designed to maintain financial records for the Golden Warrior staff. They are responsible for selling as many yearbooks as possible and for selling spaces in the book for advertisements as well as patrons. Special consideration should be given to Garry Harvey who sold over 100 yearbooks this year. This helps defray the price for those buying yearbooks. In June, the business staff is also responsible for distributing the yearbooks.

The varsity soccer team made a dramatic turn-about in the middle of October. Since this has been a rebuilding year, the play was expected to be below standard. The beginning of the year revealed a sloppy quality of play with little hustle. By mid-October however, the team had developed into a cohesive unit, able to switch positions fluidly, communicate well, and help each other during the game.

Recently, officials and coaches have expressed the surprise at the high quality of soccer the team was playing and how well they have developed their skills and team play.

Next year should be an exciting year for the varsity soccer team. If the players maintain themselves during the off-season, we should be in the running for our league championship.

The 1980-81 season was the second year of girl's basketball at CCVTS. The team was comprised of mostly younger girls who contributed to the enthusiasm displayed on the court.

Shirl Gillman (team captain) Harriet "Pete" Barnes and Connie Buchhalter were the only seniors on the fourteen member team. Shirl and Harriet did fine jobs as the starting forwards. Rita Riggle, a freshman, was the squad's high scorer. Guards Doreen Shinn and Jackie Carruth, along with forward Chris Yip were outstanding sophomore players.

Being a younger team meant the squad spent the season building necessary fundamental skills and gaining the valuable experience needed to become a challenger in the 1981-82 season.

The vitality and cameraderie exhibited by the squad led to spirited and enthusiastic play by all team members. The improvements displayed in this developmental year of the girl's basketball program made this season a successful and fulfilling experience.

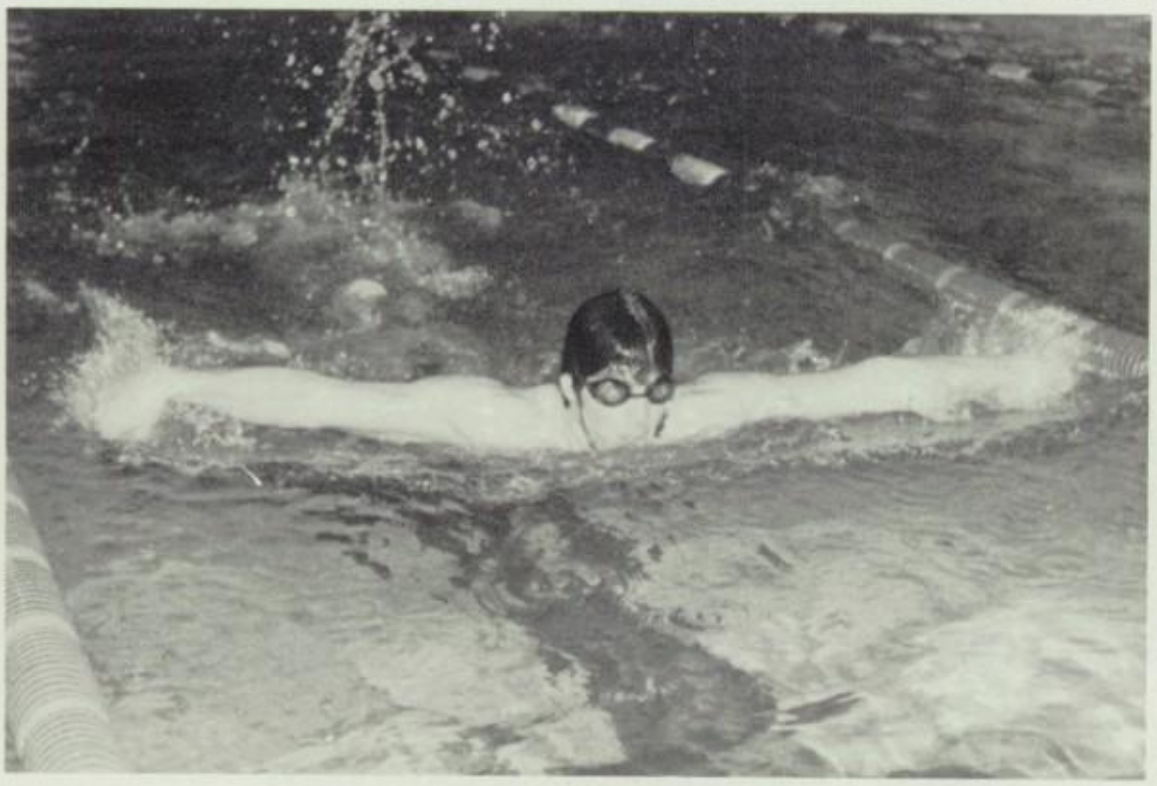
Gervasi, T. Schultz, ***Row 3:*** Coach Adamson, Asst. Coach Dare, M. Joas, J. Fahey, M. Murphy, J. Gervasi, K. Decker, J. Gallen, B.Insley.



The 1981 swim team was built around the two senior captains, Mike Murphy and Tim Schultz, who led the way in any event they performed.

The success of the team, a .500 season, was due to the hard work and vast improvement of Joe Gervasi, Kevin Decker, Tim Duchesne, Bill Stuhl, Paul Gervasi, Paul Wager, Mike Joas, and Jim Gallen.

New comers to this year's squad were also instrumental in the team's success: junior Gary Morgan, divers Mary Lou Pilarz, Phil DeAngelis, and Rachelle Edwards, freshman George Daly, Ed Dubois, and Dom Cerkez.

Helping in the team's respectability as far as dedication to self improvement through hard work were Bill Insley and Fred Single.

Our team would have been lost without our manager/swimmer Tracy Deininger to keep the scores straight.

Meet Highlights: Every winning meet was a tremendous accomplishment, but none were sweeter than the Haddon Heights, Ewing, and Woodbury meets where we had to win the final event to emerge victorious and our swimmers really came through.

Wrestling

Row 1: D. Angeline, W. Flannery, B. Waterfield, C. Maloney, J. Fultano, L. Nicolary, ***Row 2:*** Coach Heaton, R. Gariano, S. Corsey, S. McKinney, G. Harvey, K. McKinsey, S. Connors, T. Curcio, Manager.

The coaches are very proud of the 1980-81 Warrior wrestling team. The team as a whole, is averaging about 33 points per match, which must be a record for a Berlin Tech wrestling team.

Dedication, hard work, and the refusal to be intimidated by anyone, characterizes this year's team. Even after losing four of our varsity wrestlers to injuries and other problems, this team has refused to give up.

At 108 lbs., senior Bob Waterfield has worked very hard to develop a 16-1 record and a #3 ranking at his weight in South Jersey. Bob has 7 pins on his record and is a candidate for District honors.

At 135 lbs., senior Karl McKinsey has wrestled to a 10-7 record. This is deceiving, because 5 of Karl's losses have been by 2 points or less. Karl defeated one opponent this year by a score of 25-5.

With only two seniors, one can see, we are a very young and inexperienced team, but hard work, pride and self-sacrifice has turned our team into a winner. We knew at the beginning of the season that we would have to out hustle everyone to make up for our lack of experience and for the most part we've accomplished much of what we set out to do.

Seniors

In a season that was filled with disappointment and few victories, Wendell Brown's standout performance highlighted the 1980-81 basketball season.

Wendell is a 6-foot 1 inch junior in the carpentry shop. He averaged 20 points and eight rebounds per game on his way to all South Jersey Honors. His high point output was 38 against Sterling High School. There are high expectations that next season he will become the school's sixth one thousand point scorer.

Although this was a frustrating year, two games were standout performances by the Warrior Hoopsters. On January 20th, the Warriors defeated Moorestown Friends 59-54 for Coach McMillen's first varsity triumph. Then on January 27th, the Warriors trounced Burlington Vo-Tech and elipsed the one hundred point mark for the first time in recent memory.

The team will graduate five seniors. Glenn Jordan had a fine season in his first year of varsity competition. He averaged 8 points per game and grabbed seven rebounds per game. Co-Captain Mike Bain, Mike Abrahams, Wayne Bumbrey, and Tony Williams will all be missed.

The boys' team had a terrific season. The varsity had a record of 34-22, missing second place in the league by one win. The J.V. squad had a 17-39 record.

John Pelarz was star bowler with a 160 high average and high game (203) for the entire league. John also had second high game (229) for the league.

Senior Jim Decker ended the season with a high note by winning the individual league tournament. He bowled a 239, 161, and 159 against the best bowlers from the league.

The girls' team had many victorious moments competing in the eight team South Jersey Bowling Conference. The final varsity record was 20 -44 and junior varsity was 12-48.

Captain Marybeth Brown and Michele Karwacki were the only two seniors, so the outlook for next year's team is very bright.

Individual highlights: Marlene Rausnitz-high average and high single game (203) and Kathy Murray-high series (492).

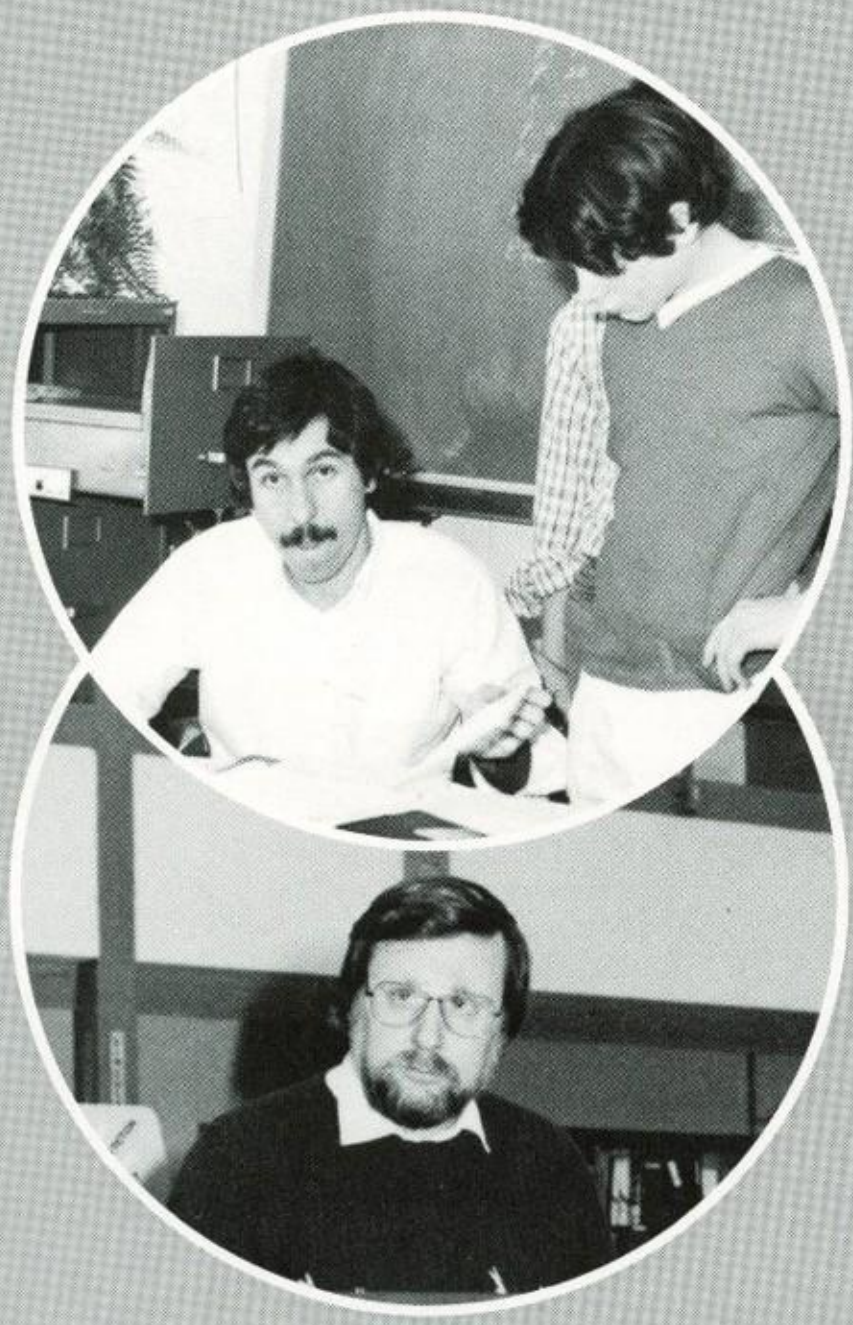
OUR STAFF



Superintendent

To the Class of 1981

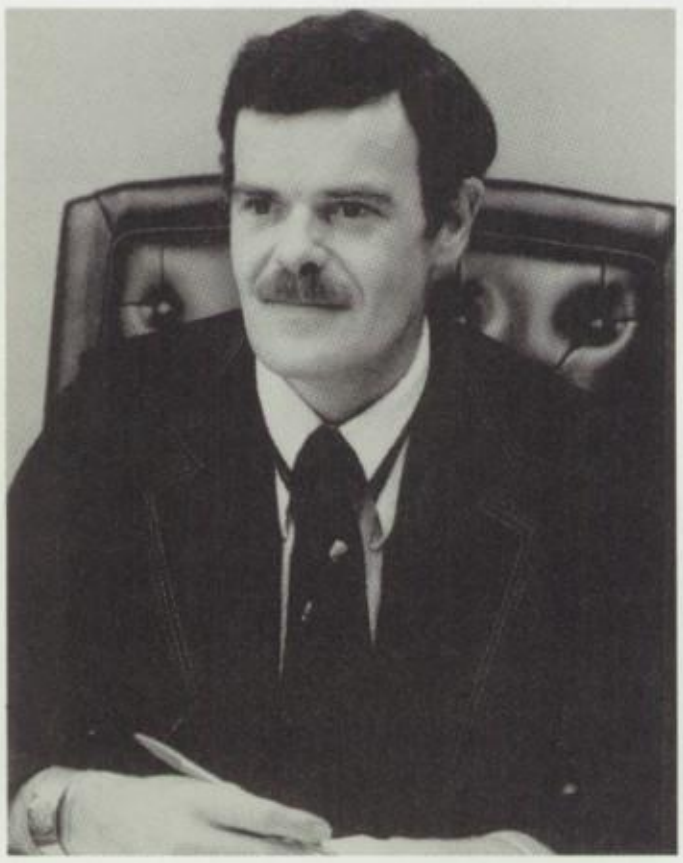
Congratulations to each of you! Your graduation indicates the completition of a major step in your life. This is really the beginning or commencement of your adult life and the time when you will put to use all that your teachers, family, and friends have taught you over the years.

Make good use of your knowledge and skill. Continue to grow so that your future and the future of everyone you come in contact with is the best possible.

May each of you enjoy happiness and success in the future.

Donald C. Springle

Assistant Superintendents



Benjamin Verdile

For many years, Dr. Verdile has been a familiar face to us here at CCVTS. It was hard to miss his friendly smile or dedication as he worked with teachers, students or other administrators in the daily running of our school. Dr. Verdile's concern for and excellence in his job at CCVTS brought a new challenge for him in January when he accepted a superintendent's position with another vocational school. We wish him the best of luck and continued success.

At the same time, we wish success to Mr. Haldeman who comes to us from the Pennsauken campus. We are looking forward to getting to know him in his new job.

R.S. Haldeman

Principal

The class of 1981 has been preparing for graduation from high school for many years. You have now reached one of your important goals in life- a high school diploma. Your next goal will probably be gainful employment and a successful career in the world of work.

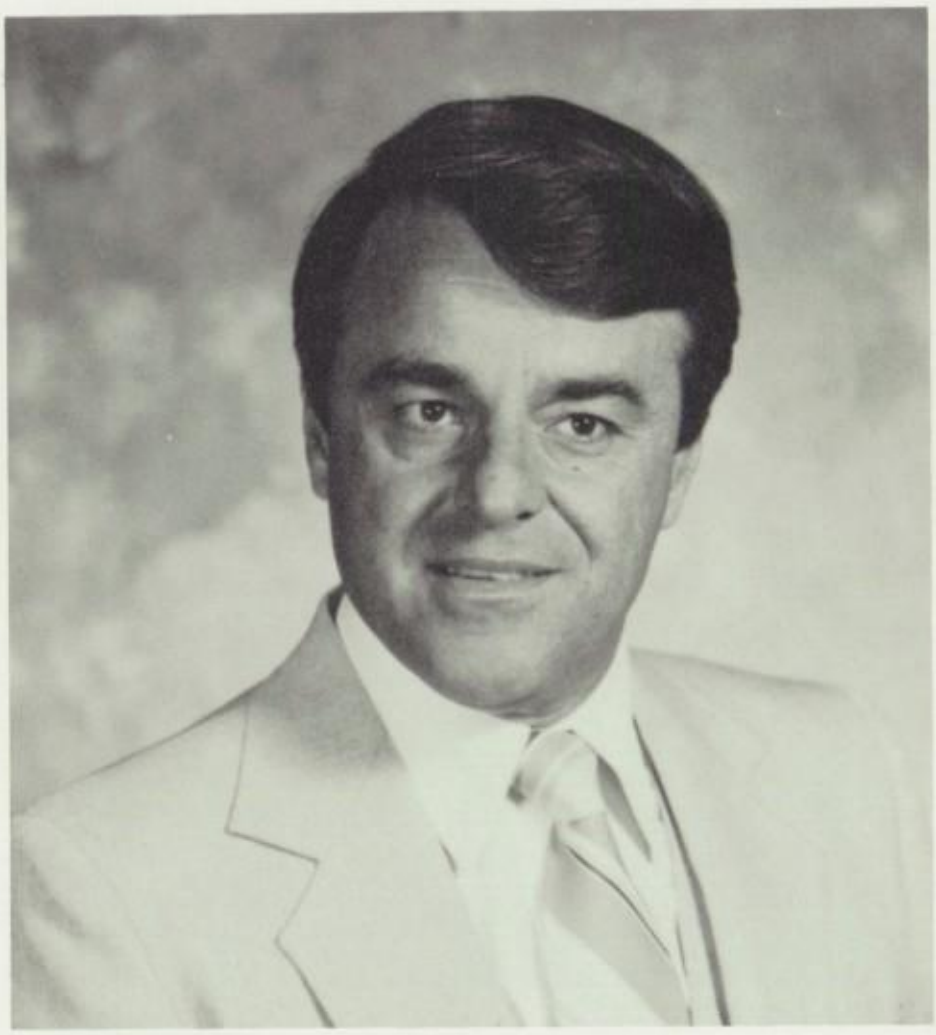
Continue to set goals for your journey through life. You will find most of them attainable if you accept them as challenges and work diligently to reach them. I hope you enjoy many years of success and happiness. Good luck!

- Frank Miller

Assistant Principal

Congratulations to the Graduating Class of 1981. Indeed, this is your year. You are prepared with a saleable skill, the basic prerequisite that puts you as a High School Graduate in demand in the Job Market. Best wishes for continued success.

- Charles Ebbecke



Director Of Special Needs

"Our Year" is yearbook theme well choosen. It sings out of captured personal moments to treasure and reflect on throughout your lives. Those special persons you knew and befriended, of festive activities like proms, and trips, of accomplishments in learning won after long and rigorous challenges, and occasional sad moments shared with loyal friends. Your high school years are now behind you but the experiences, skills and character developed in that period are still with you and always will be. Students from C.C.V.T.S. have that special ability to make every year of their lives "Our Year".

Congratulations and Good Fortune to the Class of '81.

John E. Troxell

Assistant Principal

Don E. Schrieber

The 1980-81 school year now belongs to both you and history. The knowledge you gained in your classes is yours. The skills you gained in shop are yours. The friendships that you've made are yours. The ability to work cooperatively with others and the privilege of joining the working world is yours. But the responsibilities of citizenship and family life are also yours now. Call upon your knowledge and skills to meet and accept your responsibilities and the challenge of life ahead.

Your year is over, the rest of your life lies ahead. I extend to you best wishes for your future.
